

ISC West 2009 Report – brought to you by CV Reps

Well, we made it through another ISC. This one was really exciting from our standpoint, considering our manufacturer lineup consists of some of the best emerging technology manufacturers in the industry. Overall, and as you would expect, the show was dominated by IP, network based solutions. Rather than elaborate on why that is, I found a great article on the ISC365.com website entitled:

[Why Is Everyone Migrating To Intelligent IP Video Surveillance](#)

And when it comes to intelligent, IP based security solutions and accessories, CV Reps represents the leading manufacturers in the industry. Here is the follow up report and highlights from each of our manufacturers who exhibited at the show.

Arecont Vision – BOOTH 7117 www.arecontvision.com

Arecont Vision was one of the busiest booths at the show. And for good reason, Arecont Vision manufactures the world's fastest multi-megapixel (8M, 5M, 3M, 2M and 1.3M) network cameras. Their new line of H.264 high definition cameras provides the flexibility of various frame rates and resolutions for a variety of applications. [Check out the best pictures in the security industry...](#)

Canon – BOOTH 24051 www.usa.canon.com/securityproducts

As part of a great IP camera lineup with great optics, Canon featured its' VB-C60 PTZ camera system with 40x optical zoom. That's right, 40X ZOOM!!! [Check it out here](#)

Commend – BOOTH 21140 www.commendusa.com

Ready for intercom with great audio quality over IP? Commend, Inc., manufactures digital and IP intercom systems. Easy to design and install. Check out [Commend's product line...](#)

Exacq Technologies – BOOTH 24135 www.exacqvision.com

Exacq's booth was jam packed all three days. Exacq designs and manufactures cross platform surveillance software and hardware solutions. Their exacqVision server software (Windows/Linux) operates on factory-installed hybrid servers, IP camera servers or commercial off-the-shelf (COTS) servers. exacqVision integrates the latest IP technology including HD and H.264 cameras. [Check out Exacq's new video reference library...](#)

GarrettCom – BOOTH 12139 www.garrettcom.com

GarrettCom, Inc. is an industry leader in providing cost-effective, off-the-shelf Industrial networking products for specialty and stressed applications. Check out their full line of [Hardened IP Video Surveillance Products...](#)

Isonas Security Systems – BOOTH 1061 www.isonas.com

Awesome, easy IP Access Control. ISONAS is changing the way the world thinks about access control with panel-free, IP readers. Powerful. Scalable. Cost-Effective. POE. Simple. Open. For an [introduction to IP Readers, click here.](#)

IOImage – BOOTH 3135 www.ioimage.com

A new manufacturer line to CV Reps, we received an extensive demonstration of the [ioimage product line](#). Very impressed!!! Ioimage provides high-performance video encoders and cameras with built-in analytics, designed and packaged for simplicity. These devices are used for real-time detection, alert and tracking of intruders, vehicles and other threats. Check out the [ioimage product line](#).

RGB Spectrum – BOOTH 15131 www.rgb.com

A relatively new member to the security market, RGB Spectrum showcased new display technologies for emergency operations centers, monitoring stations, command centers, security control rooms, and

mobile command vehicles. Check out the [WATCHDOG](#) multi-window display system with built-in sequencing router and the MediaWall multi-image, multi-display processors.

TimeSight Systems – BOOTH 8054

www.timesightsystems.com

TimeSight Systems won the ISC West 2009 Best in Category Award for Video Devices – Surveillance Appliances. TimeSight is [making high resolution affordable](#).

Videolarm – BOOTH 39000

www.videolarm.com

Videolarm introduced a number of new products at the show. In addition to the domes and housings that most of you are familiar with, Videolarm continues to develop some very unique, feature rich solutions such as [Wireless Systems](#), [Pole Mounting Systems](#) and [Extreme Conditions Systems](#).

Winsted – BOOTH 4109

www.winsted.com

Winsted is the worldwide leader in control room console solutions. Whether you need a single workstation, or an entire control room, Winsted can provide the perfect solution and they make it easy with user-friendly design software that is available for download. [Check out and download the WELS software here...](#)

The Wrap-Up

Overall the show was a great success for CV Reps and our lineup of manufacturers. If you are specifying the best in IP security solutions, make sure to check out the best manufacturers in the industry with CV Reps.

If you need any additional information, please feel free to give us a call or shoot us an email.
